

MESSAGE APPLICATION GUIDE

Campus Pastors

Ephesians 5:15-21

APPLICATION

1. Verse 15 reminds us to walk “ . . . not as the unwise but as the wise.” How can you discern the true wisdom that you should walk by? Do you consistently walk in true wisdom? How can you walk wisely in practical ways?

2. Verse 17 instructs us to “ . . . understand what the will of the Lord is.” How do you discern the will of God for your life? When you discern it, how do you consistently follow His will?

3. Whether or not you struggle with “being drunk with wine”, are there other “things” in your life that influences how you think? If so, is it aligning with God's will? What is your plan to be influenced by the Holy Spirit rather than outside “influences”? Will you share this with your Small Group and get their wise council on it? Be sure to use Scripture to confirm it and ask someone in your group to pray for this.

4. Verses 19-21 encourages us as a Church to address one another in psalms, giving thanks always, submitting to one another, etc. Are these attributes that others would say you are living out in your walk? How can we as His Church be known as people who demonstrate these characteristics?
