

MESSAGE APPLICATION GUIDE

JUST JESUS

Suffering King Mark 14:43-65

Application

Do you believe that God is powerful, but your decisions or thoughts would show that sometimes you don't live like He's powerful enough to change your situation? What is an area in your life that you have seen the power of God on display?

Has there ever been a time in your life when you ran to the darkness in order to do what you wanted to do? Why? How did God bring you out of that situation?

In what ways can you see that Jesus was giving His life away, rather than someone taking it away?

"Even when it seems like things are falling apart, God is still accomplishing his purposes." With where you are at in life right now, how can you see this statement at work?
