

MESSAGE APPLICATION GUIDE

JUST JESUS

Suffering King Mark 13:14-27

Application

When Jesus talked about the days in the Tribulation being worse than anything that has ever been experienced, (Mark 13:19) and as Dave listed some pretty bad world events, were there any calamities or catastrophes that came to your mind?

Dave described the Anti-Christ as being a confident world leader who would then shock everyone by having a very different agenda than people expected. While in the Temple he will demand that he be worshipped. If you were making a movie of the Tribulation, who would you cast in the role of the Anti-Christ and why?

We were reminded in the sermon that God can do His best work in the darkest times. Can you think of a difficult season in your life when you saw God show up and help you make it through the darkness?

The message concluded with a look back at Jesus healing a man with leprosy in Mark 1. The leper showed tremendous faith when he basically said to Jesus, "You can heal me, ...if you are willing."

Name some tangible ways that we can express to God our faith in His power to transform us.
