

MESSAGE APPLICATION GUIDE

Matthew 6:13

APPLICATION

Pastor Tommy started the message by pointing out the simplicity of the Lord’s prayer, but also its complexity as you dive deeper into the passage. What might be another scripture where you have seen the same thing? What did the Lord show you through your study?

Share a testimony of a time in your life when you have claimed a promise of God through prayer, and the impact that has had on your faith.

Read James 1:1-15. What is the difference in the words testing and tempted in this passage? Why is temptation such a difficult word as it relates to God ordaining “temptation” for us to walk through?

When testing comes, which lies of the enemy do you tend to believe? What truths from God can you hold fast to instead?

How has this series impacted your prayer life? Share with your group what the Lord has been teaching you as we’ve walked through these verses together.
