What's Happened Will Happen

Pastor Jeff Bucknam | Psalm 126

1. What should you expect from a life of following Jesus? How would you describe the normal Christian experience? Joyful? Happy? Difficult? Why?

2. What practices do you engage in when you're troubled by a present distressing moment? Do you pray more? Seek counsel more? What would you tell a suffering person to do to help amid trouble?

3. What are the greatest victories you've experienced with God? What are the biggest prayers you've seen God answer?

4. What stops us from believing God will do for us now what he did for us before? What causes our anxiety and unbelief?

5. What are the things you are looking forward to most in eternity with God? Why?

6. Read Psalm 27. What do the last verses teach us about what to do when we are facing hardship? What does it look like to do that? Does the image of a farmer continuing to farm even with tears help answer this question?
