

The Nature of Saving Faith

Dr. Jeff Bucknam | Various Scriptures

1. Have you ever known someone to fall away from the faith? What happened? Why did they give up on following Jesus?

2. What is necessary to believe to be saved? What must you not deny?

3. How do faith and works relate to one another? If we are saved by faith, are works necessary at all for a person to be a genuine Christian? Why or why not?

4. Can a person lose their salvation? Why or why not?

5. Read Luke 8:4-15. How do these verses instruct our understanding of genuine saving faith?

6. In light of Hebrews 10:19-25 how does meeting together as Christians help us continue in the faith? Can you be a Christian and not attend a local church? Why or why not? Would you advise it? Why or why not?
