

Multiplication by Imitation

Harvest Pastors | Acts 9:32–43

1. When you were a child, who did you imitate and why? Who is someone you've tried to imitate as an adult?

2. When you think about going to those in need, do you get excited, nervous, apprehensive, or something else? Why might this be so?

3. Share a story about when you were on your way to an appointment and saw someone in need. What did you do?

4. Why is it that we struggle to believe that God will do more than what we've already seen Him do?

5. What prevents you from stepping out in faith sometimes?

6. How can the church encourage you to step out in faith more?

7. What are the things that Jesus did that we can/should do ourselves?

8. What is one area that you feel you need to imitate Jesus more?
