

Parables of The Kingdom

A World of Wheat and Weeds

Pastor Jeff Bucknam | Matthew 13:24-30, 36-43

1. What are the implications of Jesus being the king of a kingdom? How and why is this hard for us to understand?

2. How does the fact that the wheat and weeds grow together until the harvest explain the world you inhabit? Why has God chosen to wait to separate them?

3. How does the knowledge of future judgment affect you? How should it affect the way you live?

4. Why would a loving God judge people? Why not just pardon everyone regardless of response?

5. What else would you have pointed out about this parable that wasn't communicated in the message?
